

BlackBuckEcosystem

Community and User Compliance Policy

Last Revised: January 1, 2025

Abstract

This document sets forth the responsibilities, duties, and code of conduct expected of Community Members and Users promoting the BlackBuckEcosystem.

Introduction

In being a “Community and User” of **BlackBuckEcosystem** (hereinafter referred to as “Project”, “Platform”, “Token”, “us”, “our” or “we”), certain responsibilities and duties are expected of Community and Users in their method of promoting and marketing our online educational courses and for referring potential Community and Users.

As you already know, BlackBuckEcosystem offers licenses to use and market for referral purposes our online educational courses available on **www.blackbuck.io** (the “Website”) and any other services or Utilities provided along with the use for it as we may provide from time to time (the “Utilities” or “Info Hubs”).

The **Terms and Conditions** [\[INSERT LINK\]](#) contain the essential details of the relationship between BlackBuckEcosystem and Community and Users.

In addition to the Terms and Conditions and our **Privacy Policy** [\[INSERT LINK\]](#), Community and Users must abide by this Policy and the following terms which sets forth the basic fair and ethical principles and practices Community and Users must adhere to in exercising their Community and User duties.

1 Code of Conduct

1.1 Customer Recruiting Practices

- 1.1 Community and Users shall not promote or market our Utilities in any deceptive, false, unethical, or unlawful way. Community and Users shall not make any statements, promises, or testimonials that are likely to mislead clients or prospective Community and Users.
- 1.2 Community and Users must comply with all applicable laws and regulations. Compliance with such laws and regulations by Community and Users is a condition of acceptance by and continuing to be a Community and User of BlackBuckEcosystem.
- 1.3 Any information provided by Community and Users concerning the Utilities and its marketing for referral purposes shall be accurate and complete. Community and Users are prohibited from making any representations or promises that cannot be verified or fulfilled or present any marketing opportunity in a false, deceptive, or misleading manner.
- 1.4 Community and Users shall not induce a client to purchase our Utilities by claiming that all or part of the purchase price can be recovered by referring other clients or potential Community and Users.
- 1.5 Community and Users shall respect a client's lack of commercial experience and shall not abuse their trust. This can include, but is not limited to, exploiting a client's age, illness, handicap, lack of understanding, or unfamiliarity with a language.
- 1.6 **BlackBuckEcosystem is not a Financial Institution;** thus, Community and Users cannot advertise BlackBuckEcosystem as such.
- 1.7 Community and Users **must not give any guarantee** of returns or financial income whatsoever.
- 1.8 Community and Users must also conduct their promotion and marketing activities in the spirit of fair competition with other Community and Users and without infringing their rights.

1.2 Identification and Privacy

- 2.1 In approaching clients or potential Community and Users, BlackBuckEcosystem expects Community and Users to identify themselves truthfully and clearly, to be honest about the nature of BlackBuckEcosystem's Utilities and the purpose for the solicitation. Community and Users are expected to approach clients in a polite manner and during reasonable hours. Community and Users must not forcefully market or promote our Utilities to clients and shall halt any promotion or marketing to such client upon their request.
- 2.2 Community and Users shall take reasonable appropriate steps to protect all private information provided by a client or a prospective Community and User.

1.3 Promoting BlackBuckEcosystem and our Utilities

- 3.1 Community and Users shall also ensure that any oral, written, or visual claims or representations concerning the following shall remain truthful, accurate, and is not presented falsely, deceptively, or misleadingly regardless if made directly or by implication:

- (a) BlackBuckEcosystem's or other Community and Users' gross or net income or profits, including former and current Community and Users;
 - (b) Potential reward amounts to be obtained by prospective Community and Users; and
 - (c) Our Utilities' standard, quality or value, any testimonial, sponsorship or approval, its performance, place of origin or any guarantee or warranty.
- (collectively, "Representations")
- 3.2** In addition to Clause 3.1, Community and Users must also be able to prove such Representations with facts or reliable evidence.
- 3.3** Community and Users shall not make misleading comparisons of another company's marketing opportunities or Utilities. If any comparison is to be made, they must be based on facts or can be proven with reliable evidence. Community and Users shall not degrade any other company, business, or product in a false or misleading manner and shall not take unfair advantage of any company's trade name, business, or product either directly or by implication.
- 3.4** Promotional material, including, but not limited to, advertisements, social media posts, articles, and any other type of promotional material, shall comply with this Policy and shall not contain false, deceptive, or misleading information relating to our Utilities and the above Representations. This can include, but is not limited to, statements, photos, or illustrations.
- 3.5** Community and Users shall not use any materials that are inconsistent with this Policy. Community and Users are also prohibited from marketing any materials that are not approved by BlackBuckEcosystem and that are inconsistent with this Policy.
- 3.6** Community and Users shall provide clients with accurate information regarding our Utilities' price, credit terms, terms of payment, after-sales service (if applicable), and delivery dates.
- 3.7** If a client asks a Community and User a question, Community and Users shall give understandable and accurate answers. Community and Users shall only make Product claims and Representations to the extent they are authorized by BlackBuckEcosystem.
- 3.8** In presenting the marketing opportunities within BlackBuckEcosystem and making such Representations to prospective Community and Users, Community and Users must make it clear with sufficient information that:
- (a) Actual revenue from marketing opportunities with BlackBuckEcosystem depends on factors such as time committed, skill level, etc., and can vary significantly between Community and Users; and
 - (b) Any level of reward or revenue presented is not guaranteed; and
 - (c) Any amounts mentioned are before expenses, if any.
- 3.9** Community and Users are expected to provide clients and prospective Community and Users with necessary information sufficient enough to enable them to make a reasonable evaluation of our Utilities and the opportunity to get rewards.
- 3.10** Community and Users must ensure any Representations they make are documented and verified. Community and Users must maintain such documentation and verification and shall make it available to BlackBuckEcosystem upon written request.

1.4 Terms of Referral

- 4.1 Community and Users shall not be permitted to directly refer BlackBuckEcosystem's Utilities to clients and shall only be entitled to promote and market our Utilities in accordance with this Policy and our Terms and Conditions. In the event a client wants to stack or purchase Utilities (Info Hubs), Community and Users shall direct them to the Website where our Utilities can be purchased directly.
- 4.2 All terms of referral shall be subject to our Terms and Conditions.
- 4.3 Community and Users shall not misrepresent terms of referral to clients. This can include, but is not limited to, claims relating to our Info Hub package amounts, capability, performance, availability, existence of a return policy, etc.

1.5 BlackBuckEcosystem's Authority

- 5.1 BlackBuckEcosystem shall have the **sole authority** to determine where a breach of this Policy has occurred.
- 5.2 Following Clause 5.1, BlackBuckEcosystem shall have the authority to determine whether a practice is deceptive, unlawful, or unethical under this Policy. Compliance with any other applicable law or regulation shall not be considered a defense against BlackBuckEcosystem's determination that a practice is deceptive, unlawful, or unethical.
- 5.3 BlackBuckEcosystem will be able to cease the activities of a Community and User and forfeit the Community and User's membership and access to the Website and Utilities, if the Community and User in question has breached any of the terms of this policy.

1.6 Complaints and Breach of this Policy

- 6.1 In the event any person shall complain that a Community and User has engaged in any improper course of conduct that is in breach of this Policy, BlackBuckEcosystem shall promptly address the complaint and shall take reasonable steps to investigate the claimed breach.
- 6.2 In the absence of a complaint, BlackBuckEcosystem shall also be entitled to investigate a Community and User if BlackBuckEcosystem has a reason to believe a Community and User has breached this Policy.
- 6.3 In the event a Community and User has been proven to have breached this Policy, BlackBuckEcosystem shall be entitled to impose a specific remedy. If the Community and User refuses to comply with any remedy imposed by BlackBuckEcosystem, BlackBuckEcosystem shall be entitled to forfeit the Community and User's account and access to the Website and Utilities.
- 6.4 In accordance with Clause 6.3, BlackBuckEcosystem may impose remedies such as cancellation of orders, refund of Hub amounts, warnings to Community and Users, penalties, termination of the Community and User's account, or any other actions that may be deemed necessary or reasonable in BlackBuckEcosystem's opinion.
- 6.5 If a Community and User's membership is to be terminated, please refer to the Termination clause found in Clause 13 of the Terms and Conditions.

1.7 Exclusion of Liability

- 7.1** BlackBuckEcosystem shall in no way be liable to any party whatsoever for any loss or damage, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, even if foreseeable, arising under or in connection with a Community and Users breach of any term of this Policy.
